

Fire Company Officer and Lieutenant Oral Presentations

Three versus Four People Staffing

You are assigned to speak about the difference between three and four person staffing. What are the advantages and disadvantages of each staffing deployment?

The Importance of Brush Clearance

You are a fire officer assigned to Station 4. Your engine company has just been assigned to speak to a citizen's group about the importance of brush clearance. The evaluators will simulate your audience. You have fifteen minutes to prepare a five minute presentation. Your time begins now.

The Importance of Fire Prevention Inspections

You are assigned as a fire officer to station 11. Your engine company has just been assigned to speak to a group of business owners about the importance of Fire Prevention inspections. The evaluators will simulate your audience. You will have fifteen minutes to prepare for a five minute presentation. Your time begins now.

The Importance of Fire Extinguishers

You are assigned as a fire officer to Station 49. Your engine company has been invited to speak to a neighborhood watch group on the importance of fire extinguishers. The evaluators will simulate your audience. You will have fifteen minutes to prepare for a five minute presentation. Your time begins now.

Paid Versus Volunteer Fire Departments

Your engine company has been invited to speak at the Chamber of Commerce monthly meeting. The question has arisen about paid versus volunteer fire departments. You have fifteen minutes to prepare a five minute presentation on the topic. Your evaluators will simulate the audience. Your time begins now.

Public versus Private EMS Delivery

You have been asked to put on a presentation about the difference between public and private EMS delivery. What are the advantages and disadvantages of firefighter paramedics versus employing a model that includes fire departments responding with private EMS providers? Could the system save money and be successful within your jurisdiction?

Fire Company Officer and Lieutenant Oral Presentations

Firefighter Bill of Rights

You have been asked to put on a presentation to a group of firefighters about the Firefighter Bill of Rights. How does it impact a firefighter and an officer? Are the protections the same, or are they different. What message would you want to convey to the officers in the group. Would it be different than to a group of firefighters?

New Apparatus

You are presenting to a group of business owners about the need to purchase a new truck to replace the existing vehicle that is 20 years old. What is your rationale for the new vehicle and why does it need to be replaced. What, if any, increased capabilities will the new vehicle add to the agency?

Fatality Fire Community Safety Talk

You are assigned as the fire officer of the first in Engine Company to a fatality fire in an apartment complex. You have been assigned by your chief out of a request from the city council to provide a fire safety talk to the residents at a community post fire meeting. Discuss fire safety and way to prevent fire casualties in the community. The evaluators will simulate your audience. You will have fifteen minutes to prepare for a five minute presentation. Your time begins now.

Smoke Alarms

You are assigned as the fire officer to Station 62. Your engine company has just been assigned to speak to a citizens group about the importance of smoke alarms. The evaluators will simulate your audience. You will have fifteen minutes to prepare for a five minute presentation. Your time begins now.

Hoarding Problems

You are assigned as the fire officer to Station 22. Your engine company has just been assigned to speak at a community association gathering regarding hoarding problems. There have been significant hoarding problems identified in the city on emergency responses that you will be trying to educate the residents on the problems hoarding presents. The evaluators will simulate your audience. You will have fifteen minutes to prepare for a five minute presentation. Your time begins now.
